

Health Line Telephone Number Correction

NL Housing issued a Community Resource magnet for emergency numbers to tenants in August 2007, with a list of telephone contact numbers for a variety of emergency community resource groups. It has come to our attention that the toll-free number listed for the "NL Health Line" was misprinted.

The correct telephone number for the Health Line is:

1-888-709-2929

We apologize for any inconvenience this misprint may have caused.
