

Special Bulletin: Air Exchanger Recall and Potential Fire Hazard

Newfoundland and Labrador Housing Corporation (NLHC) has been advised by Venmar Ventilation Inc. of an expanded recall and potential fire hazard involving their air exchanger products. NLHC has purchased and installed air exchangers from this company.

If you have an air exchanger in your unit **immediately turn off and unplug the unit**. Please contact Venmar Ventilation Inc. as soon as possible by telephone at 1-866-441-4645, by visiting Venmar's website at <http://www.venmar.ca/>, or by mail at SUP-2006 Program, 550 Lemire Boulevard, Drummondville, Quebec, Canada, J2C 7W9.

Units manufactured after July 2009 should not be affected, however, if you are concerned please call the toll-free number listed above. (Only models manufactured between January 2002 - July 2009 are affected.)

The following is a list of the brands Venmar Ventilation Inc. has identified as potential fire hazards in the recall:
